Soul Community Planet Announces New Membership Program

Expands Previous SCP Commons Coworking Memberships with Goal of Cultivating Community For Those Who Value Personal Wellness, Social Good and the Environment

San Juan Capistrano, Calif., Oct. 16, 2019 – Soul Community Planet (SCP) today unveiled a new membership program serving those who value personal wellness, social good and the environment. The new program, which expands on the previously announced SCP Commons coworking memberships, offers members 24/7 access to all SCP venues, including coworking and SCP Fit fitness and wellness centers.

“The strength of SCP comes from the shared values of our guests, our members and our teammates. Our new SCP membership program is designed to foster a sense of community among those who seek to live a more conscious lifestyle. Our non-traditional, collaborative SCP venues are particularly well-suited for people who desire to blend work, fitness, enrichment and earth-friendly practices into their daily lives,” said Soul Community Planet Co-Founder and CEO Ken Cruse.

Through the new program, members will have access to a full range of fitness and wellness programming and coworking spaces while enjoying SCP’s vibrant, eco-friendly social environments. Additionally, members will enjoy special programming and access to eco-adventures and wellness retreats at Salishan Resort on the Central Oregon coast.
